

## O'Reilly online learning topics

35,000 hours of video. Live training courses from the brightest minds in the industry. Dive into expert-guided live coding environments. Case studies. The most sought-after tech certifications. And more than 60,000 ebooks covering hundreds of topics. O'Reilly offers you one of the largest selections of content in business and technology available today, guaranteeing your employees both the breadth and depth of learning content to fulfill their needs.

The best way to understand how O'Reilly online learning can help drive your business is to dive in and start exploring at [oreilly.com/search](https://oreilly.com/search).

## On our radar

### **AI and machine learning** (1,620 titles)

- Artificial intelligence
- Chatbots
- Computer vision
- Machine learning
  - Deep learning
  - Mahout
  - Neural networks
  - PyTorch
  - Recommender systems
  - Reinforcement learning
  - Scikit-Learn
  - Tensorflow
  - Unsupervised learning
- Natural language processing (NLP)

### **Programming** (5,340 titles)

- .NET
- C, C++, and Objective-C
- COBOL
- Dart
- Functional programming
- Go
- JVM Languages
- Java
- Low-level languages
- Lua
- Markup languages
- OCaml
- Perl
- Python
- Qt
- Ruby
- Swift

- Tcl/TK
- WebAssembly

### **Cloud platforms** (1,100 titles)

- Amazon Web Services (AWS)
- Cloud Foundry
- Google Cloud Platform
- Heroku
- IBM Cloud
- Microsoft Azure
- OpenStack

### **Security certification** (510 titles)

- CompTIA CASP
- CompTIA CSA+
- CompTIA Security+
- CBK
- CCNA Security
- CCSP
- CEH
- CISA
- CISSP
- CSSLP
- SSCP

### **Software architecture** (670 titles)

- Architectural patterns
- Distributed systems
- Domain-driven design
- Enterprise architecture
- Evolutionary architecture
- Serverless architecture

# Topics

---

## Business (13,760 titles)

- eCommerce
- Economics
- Finance and accounting
- Gig economy
- Human resources
- Operations
- Productivity tools
- Project and product management
- Sales and marketing
- Strategy

## Career development (2,160 titles)

- Personal development
- Professional communication
- Tests and education

## Data (7,620 titles)

- Data engineering
  - Accumulo
  - Ceph
  - Data models
  - Data warehousing
  - Database administration
  - DynamoDB
  - Filemaker
  - GIS
  - Google BigQuery
  - Hadoop
  - Hive
  - IBM
  - Impala
  - Integration solutions
  - Kudu
  - Log data
  - Metadata

- Microsoft Access
- NoSQL databases
- Oracle Database Solutions
- Presto DB
- Privacy and security
- RedShift
- Relational databases
- SAP
- SQL
- Search
- Spark
- Storage formats
- Storage repositories
- Streaming and messaging
- Zookeeper
- Data science
  - A/B Testing
  - Analytics platforms
  - Bioinformatics
  - Data governance
  - Data science tools
  - Data science as a profession
  - Data visualization
  - Data wrangling, preparation, cleaning
  - Enterprise data strategy
  - Exploratory data analysis
  - Feature extraction
  - Graph analytics
  - Statistics
  - Time series
  - Web scraping
- AI and machine learning

# Topics

---

## Design (5,090 titles)

- Branding
- Design process
- Design tools
- Fashion design
- Industrial design
- Interface design
- Music and audio
- Product design
- Virtual reality / Augmented reality
- Visual design

## Hardware (1,380 titles)

- Chips and processors
- Drones
- Embedded systems
- IoT
- Kinect
- Making
- Wireless

## Security (2,300 titles)

- Application security
- Digital forensics
- Frameworks and standards
- Governance
- Malware
- Network security
- Penetration testing / Ethical hacking
- Security certifications
- Security engineering
- Security operations

## Software development (8,880 titles)

- Blockchain / Decentralized apps
- Coding practices
- Compilers

- Computer science
- Domain-specific languages
- Game development
- Graphics programming
- Programming languages
- QA / Testing
- Software architecture
- Software collaboration
- Text editors & IDEs

## System administration (8,570 titles)

- Backup and recovery
- Cloud computing
  - Cloud migration
  - Cloud platforms
- Computer networking
- Configuration management
- Containers
  - Orchestration
    - Apache Mesos
    - Docker
    - Kubernetes
- DBA
- DevOps
- Email servers
- IT certifications
- Identity / Access Management
- Infrastructure as code
- Microservices
- Monitoring
- Operating systems
- Recovery planning
- ServiceNow
- Site reliability engineering
- SysML
- Virtualization

## Web and mobile (4,350 titles)

- Mobile development
  - Automation tools
  - Hybrid mobile development
  - Native Android Development
  - Native iOS development
  - Progressive web apps
- Web development
  - Adobe Flash
  - Apache Flex
  - Content management Systems
  - DreamWeaver
  - Frontend web development
  - Google Web Toolkit
  - JavaScript
  - Liferay
  - Maps on the Web
  - Microsoft expression web
  - Microsoft Silverlight
  - Node.js
  - PHP
  - Python web frameworks
  - Ruby on Rails
  - Web APIs
  - Web performance
  - Web servers
  - YUI
